PRICES REALIZED - TOKEN & MEDAL AUCTION #39

Saturday, April 12 is the firm date for the sale of the David W. Dreyfuss Collection of tokens and medals. The sale will be held at the Vista Hotel in New York City and will start at 1:00 P.M. sharp. This sale will contain the finest offering of American medals to be sold in the last 100 years. If at all possible, we urge you to attend in person as floor bidders have an obvious advantage over mail bidders.

At 9:00 A.M. on Saturday morning, we will also offer the Julian Leidman Collection of Hard Times and Merchant Tokens along with other important exonumia. For merchant token collectors, this will be the most important and extensive offering in many years and should also warrent your personal attendance. Altogether, over 1800 lots of exonumia will be sold in the two sessions - something for everyone! We anticipate that the gathering will be both a numismatic and social event with leading collectors in many fields in attendance.

These sales are a joint production by Presidential and Auctions by Bowers and Merena, Inc. Our customers should note that the billing and credit function is being handled entirely by the B&M organization. If you anticipate being a substantial buyer in this sale, you should contact the Comptroller of B&M to establish your credentials. (Box 1224, Wolfeboro, NH 03894). Please do this as early as possible to avoid last minute snafus.

June 14 is the date for Presidential's yearly token and medal floor auction. We have already many fine items for this sale including the George Hatie Collection of Michigan Civil War Tokens. We will also sell the finest collection of So-Called Dollars to be sold in recent memory. Several hundred pieces will be offered including the 1875 Battle Of Lexington Centennial in gold, six Lesher Dollars and many Thomas Elder issues. The sale promises to be one of our best ever. We are still accepting consignments of quality material. Under our new commission schedule, consignors will be charged a 10% commission. Consigned material should be in our hands no later than the end of March.

TOKEN AND MEDAL AUCTION #39
CLOSING DATE JANUARY 8, 1986

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.

2. Bids under $10.00 will not be reduced and bids will not be reduced to under $10.00.

3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.

4. Some lots are reserved. The auctioneer will execute such reserves by bidding for the consignor through its representatives.

5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgement, affect the value of the item. However, we do make mistakes and will accept returns when we are in error. On the other hand, capricious returns will not be tolerated.

6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

AUCTION SUBSCRIPTIONS

Our subscription list is computerized. If you look at your address label you will note either the number 39, or the letter "C" opposite your name. The number 39 means that your subscription expires with the publication of Auction #39 (this sale). The letter "C" means your subscription is a complimentary one. These are given as a matter of courtesy to all dealers who request it. If you see neither a number nor the letter "C", this means that you have received a one-time only complimentary copy and that you will have to subscribe to receive future sales.

PRESIDENTIAL and POLITICAL

The Washingtonia in this section is catalogued by the new expanded revision of W.S. Baker's Medallic Portraits of Washington by Russ Rulau and George Fuld. (We have this new profusely illustrated 307 pg softbound volume available for $29.95).

614 **BAKER 47B. ORIGINAL WASHINGTON BEFORE BOSTON MEDAL. 68mm. Bronze. Pierre Simon DuVivier,Sc. Pleasing dark brown patina on this famous medal struck at the Paris Mint. According to Rulau/Fuld, only 8-10 specimens of the bronze original are known! As on all originals, the O in PRIMO is perfectly round; there are periods after the Roman numerals and the last I of MARTII is under the R of RECUPERATIM. One of the most historic of all Washington medals. Should bring $1,000+. PLATE**

615 **Baker 78B. VOLTAIRE MEDAL.** Bronze. 41mm. XF with a few tiny edge dents. Obverse bust of Washington to right. Rx: Radiant military trophy with inscription around. Reportedly struck by order of Voltaire in Paris. An important early Washington medal. (F) **PLATE**

One of the most imposing of all American historical medals in silver, this 4" medal is especially desirable because of its edge inscription to the famous Jewish financier, Jacob Henry Schiff. Schiff, born in Germany in 1847, emigrated to the United States in 1865 and quickly rose to be a partner in the banking firm of Kuhn, Loes & Co. By 1885, he was the head of the firm. He was associated with E.H.Harriman against J.J.Hill and J. P.Morgan & Co. in the struggle for control of the Northern Pacific Railroad, helping to bring on the stock market panic of 1901. He is perhaps most noted for his many philantropies, a partial list of the recipients of which includes Montefiore Hospital, Columbia and Harvard Universities, the American Red Cross and the Jewish Theological Seminary. J.A. BOLEN TOKENS

John Adams Bolen was a Springfield,

Mass. diesinker who began work in the 1860s and who is best known for his copies of early American colonial coins. In 1882, Edwin L. Johnson published an "Accurate and Comprehensive" listing of Bolen's work that was so incomplete and inacurate that, in 1905, Bolen wrote his own "Accurate and Descriptive Catalog" of his work. This catalog has been the subject of much abuse. In it Bolen states the number of pieces in the various metals which he struck. Bolen, however, sold or traded many of his dies and the new owners often struck more pieces and even muled them with other dies. This fact is seldom mentioned, with the result that very low mintages are often quoted for tokens that are, in fact, quite common!

763 Bolen 1. PIONEER BASEBALL CLUB. Copper. Red Unc. 75 struck. A small spot above N. Struck in 1861, this fine pictorial token shows a player in the act of hitting a ball.

764 Mule of the obverses of Bolen 3 & 4, the two U.S. ARSENAL dies, one with and one without the radiating sun. Silver. Toned Unc. These two dies were sold to George Mason of Brooklyn who had this token struck. It is extremely rare in silver.

765 Bolen 4, Rulau Ma-Sp-14. US ARSENAL die without sun. Descriptive reverse. Copper. Choice Unc. 75 struck by Bolen before he sold the dies to Mason.

766 Same, but in brass. Choice Unc. 75 struck by Bolen before he sold the dies to Mason.

767 Same, but silver. Unc. The reverse is a bit weakly struck. Bolen notes no copies were struck in silver so this must have been by Mason. It is extremely rare.

768 Bolen 6, Baker 258, Sullivan U 1862-1. AVOID THE EXTREMES OF PARTY SPIRIT. Oreide. Rather dull Unc with minor spotting. 75 struck and the dies destroyed. The reverse legend expresses an anti-war sentiment felt by those who preferred a political settlement to hostilities.

769 Bolen 9, Ma-Sp-25, Fuld NC-9a. One of the Bolen business cards with a bust of Bolen to the left under which is the date 1864. Liberty cap reverse. Copper. Choice Unc. Bolen lists only 25 struck in oreide and the dies destroyed. However, this piece is in copper and silver specimens are also known! In addition, the Liberty Cap reverse die was extensively muled with obverses cut by other die sinkers. Fuld rates this as an R9.

770 Same, but copper silvered. AU. Several obverse corrosion spots; one above the neck and the other near the rim at 4:00. On the reverse there is a number of small to medium size corrosion spots. Rare and unlisted by all authorities.

771 A muling of the reverse of Bolen # 9 (Liberty Cap) with Key's "REVERSE LINCOLN" die. King 858. Brass. Lightly tarnished Unc. Rare.

772 A muling of the reverse of Bolen # 9 with George Lovett's Washington die. Baker 275B. Fuld rates this an R7. AU with a small edge cut at 12:00 on the Liberty Cap side.

773 Bolen 16, Baker 365, Ma-Sp-65. SOLDIERS' FAIR SPRINGFIELD. Struck in copper nickel and unlisted by any authority. These dies were sold to A.R. McCoy of New Yrok and this is probably one of his products. From the Fuld Collection and, so far as we know, unique. This was Lot #279 in our Auction #32 (1982).

774 Bolen 19, Mass. 110, Ma-Sp-35. White metal. A number of small indentations on the top of the rims. J.A. BOLEN'S 1865 storecard. 50 struck and obverse die destroyed.

775 Bolen 20, King 866. ABRAHAM LINCOLN obverse; WITH MALICE TOWARD NONE etc., reverse. Lightly tarnished red Unc. Reverse shows heavy die breaks. 10 struck in copper by Bolen and the dies sold to J.W. Kline.

776 Same, but in white metal. Is nicely tarnished AU. Since Bolen does not list any copies struck in tin, this is probably a piece struck by Kline. Without the reverse die breaks.

777 Bolen 22, Ma-Sp-72. MASSACHUSETTS/ eagle/1866. Lexington/Baltimore reverse inscription. Choice irridescent Unc. 14 struck by Bolen and the dies sold to Kline.

778 Bolen 23, Ma-Sp-70. SPRINGFIELD ANTIQUARIANS. White metal. A lightly tarnished AU. One piece in "tin" struck by Bolen and the dies sold to Kline. RARE.

779 Bolen 26. THOMAS JEFFERSON/EQUAL AND EXACT JUSTICE etc. Copper. Unc. Minor spots. 14 pieces struck by Bolen and the dies sold to Kline.

780 Bolen 28, King 237. LINCOLN/EMANCIPATION THE GREAT EVENT etc. Copper. Red and brown Unc. 14 pieces struck by Bolen and the dies sold to Kline.

781 PA 404. Pa-Ph-30. JACOB RECH storecard. Kline used the Lincoln die of Bolen 28 on this card for Mr Rech who was a carriage & wagon builder in Phila. White metal proof. From our Sale #32 in 1982 (Lot #96).

782 Bolen 29. WEBSTER/THE ABLE DEFENDER etc. Copper. Unc. Several small spots in front of the bust. 14 struck in copper by Bolen and the dies sold to Kline.

783 Same, but in brass. A nice Unc. 14 struck by Bolen and the dies sold to Kline.

784 Same, but silver. Nice XF/AU. Only two pieces struck in silver by Bolen before he sent the dies to Kline. EXTREMELY RARE!

785 PA 585, Pa-Ph-502 but is silvered. A WOOD`S MUSEUM storecard. After receiving the Libertas Americana die (obverse of Bolen 30) from Bolen, Kline used it to strike this attractive storecard for the famous Wood's Museum in Phila. Nicely toned XF/AU.

786 Bolen 32. Sullivan USG 1868-33. The GRANT/OUR NEXT PRESIDENT etc. White metal. Unc. 14 struck by Bolen before the dies were sold to Kline.

787 Same, but copper. A Red & Brown Unc. 14 struck before dies were sold to Kline.

788 Bolen 38. MASONIC TEMPLE/double triangle. White metal. A nice bright Unc. 100 struck. Bolen notes the obverse die was cracked in using.

789 Bolen #39, Ma-Sp-56A. THE PYNCHON HOUSE. Copper. Nice Unc. 95 struck from dies cut in 1881.

MISCELLANEOUS MEDALS

991 **LIBERTAS AMERICANA MEDAL.** Betts 615, Loubaxt 14. 47.5mm. Bronze.

then Commissioned by Benjamin Franklin and executed by Augustin Dupre at the Paris Mint. A choice well struck piece in AU condition with satin surfaces. Has a few minor obverse pit marks. The obverse portrait of American Liberty served as a model for the obverse design of both our early half cents and large cents. The allegorical reverse scene shows the British Lion, its tail between its legs, being held at bay from the infant republic (represented by the infant Hercules) by the interposed shield of the Bourbon Monarchy (Athena).

The Libertas is probably our most famous American historical medal. About 200 pieces are thought to have been struck in bronze. An important medal worth $800-$1,000. **PLATE**

992 **IMPORTANT LEAD DIE TRAIL OF C.C.WRIGHT'S MEDAL OF DEWITT CLINTON.** 54mm. XF/AU. Bust left of Clinton in a plain field. Signed, C.C.Wright below the truncation of the bust. The reverse is blank with raised edges.

This medal is apparently identical to the medal that appeared in the Cogan auction of the Jewett Collection (1/24/1876). According to the catalog, the die for this medal broke when hardened and this medal was never struck. If so, this piece must have been a trial made before the die was hardened. In World Art Medals' Sale of 5/20/84, an incuse mold of the Clinton bust, along with a lead casting from the mold, was sold for $425.00. We feel this to be the more significant piece. **PLATE**

The right panel depicts a seated nude female figure with a woodland scene in the background. The art nouveau style of the day is evident throughout all three panels. The reverse is also divided into three panels. The left panel shows a silversmith at work fashioning a teapot. The right panel displays a goldsmith at work on his craft. PRESIDENTIAL and BOWERS AND MERENA TO SELL THE DREYFUSS COLLECTION

We are pleased to announce that PRESIDENTIAL and BOWERS & MERENA have been selected to sell, at public auction, the fabulous medallic collection of the late David W. Dreyfuss of Washington, D.C. The sale will be held in April at the VISTA Hotel in New York City in conjunction with the annual convention of the New York Numismatic Club.

The sale of the Dreyfuss Collection will be, without doubt, the finest sale of American medals to be conducted this century. The Garrett IV Sale pales in comparison. Mr. Dreyfuss had three primary areas of collecting interest; Medals struck by the U.S. Mint, Official Inaugural Medals and the more general field of U.S. Presidential medals.

The U.S. Mint medals collection is highlighted by over 100 Assay Commission medals, over 20 silver Indian Peach Medals and silver medals from the Comitia Americana and War of 1812 series. The collector will have the opportunity to bid on the largest selection of 19th century bronze Mint medals offered to the public in the past three or four generations.

Mr. Dreyfuss' true love was his collection of Official Presidential Inaugural Medals - it is easily the finest collection ever assembled. Probably the most outstanding item in this collection is the pair of obverse and reverse galvanos of the Theodore Roosevelt Inaugural Medal by Augustus Saint Gaudens. The collection includes a complete set of bronze official medals and most of the silver presentation medals, including the unique 1909 Taft-Sherman, and the excessively rare 1921 Warren G. Harding medal. In addition, a gold 1889 Harrison-Morton badge and one of the four struck 70mm Jimmy Carter medals in gold will also appear. One of the things which sets the Dreyfuss Collection apart from others is the large number of galvanos, pattern and trial strikes and original dies which he was able to assemble. Most of will be available to the collector for the first time.

The Presidential medals feature an extensive collection of Washington and Lincoln items. As appealing, however, is the large number of relatively inexpensive medals for other Presidents. Many of these pieces have never been catalogued in an organized manner before.

The above is a brief overview of what promises to be the medallic sale of the century. Subscribers to our auctions will be pleased to know that they will receive a copy of this sale free of charge. It will be an invaluable reference work for years to come.

CONSIGNMENTS SOLICITED FOR OUR MAY FLOOR SALE

As if we aren't busy enough, we will also conduct our usual exonumia floor sale in May of 1986. This sale features an extensive collection of Michigan Civil War tokens collected by former ANA Pres,, George Hatie. Better quality consignments are welcome for this sale. Beginning with this sale, we are joining the majority of other auctioneers by instituting a buyer's fee. Our new fee schedule will be a 10% commission charged to the seller, and a 10% fee to the buyer.
